NOTICES

ART GALLERY EXHIBITION

A large exhibition of drawings, *Contemporary Drawings: Pop, Op and Other Recent Trends*, opened at the University Art Gallery and Museum, on July 13.

The artists included were selected by DIANE WALDMAN, Assistant Curator, The Solomon R. Guggenheim Museum in New York. The exhibition is circulating throughout the United States and Canada under the auspices of the American Federation of Arts.

Mrs. Waldman has selected works by leading contemporary painters and sculptors, making a special point of showing the directness of their statements through drawing. "Drawing," she writes, "is the most intimate record of the creative mind and imagination of the artist: the method by which he most clearly reveals his thoughts, feelings and ideas."

The exhibition represents pop trends of such artists as JIM DINE, ROBERT INDIANA, TOM WESSELMAN, and WILLIAM WILEY; or trends of LARRY POONS, BRIDGET RILEY, and WILL INSLEY; and various other artists such as DAN FLAVIN, LUCAS SAMARAS, GEORGE SEGAL, and CY TWOMBLY.

The Gallery is open on Tuesdays and Thursdays from 2 p.m. to 9 p.m. and on Wednesdays, Fridays and Saturdays from 10 a.m. to 5 p.m.

PURCHASE OF BOOKS

The following statement of University policy is published at the request of E. F. HUNTER, Purchasing Agent, for the information of administrative personnel. It is intended that it will be incorporated into the *Manual of Purchasing and Procurement Procedures*, now undergoing revision.

"In order to simplify procedures and provide

more effective and economic service to the various departments of the University, a revised policy regarding the purchase of books has been approved. A statement of this policy follows:

"Books to be purchased from University funds are to be ordered through The University of Alberta Bookstore.

"The term 'University funds' means all funds administered by the University, including general revenues for capital or operating account, special funds received for the research work of members of the academic staff, and contributions held in trust for special purposes.

"The inter-departmental order-invoice (the indent) form is to be used for this purpose.

"The Bookstore will add 25 cents to the laid-down cost of the book ordered to offset buying and handling expense. If more than one copy of a book is ordered the charge will be 25 cents only for all the copies of the book ordered.

"Books are not to be ordered henceforth through the Purchasing Department.

"This regulation is not meant to apply to the Cameron Library, the Extension Library, or the Boreal Institute which have their own facilities for ordering, or to the Department of Extension which will continue to order through the Purchasing Department."
